In Re: Civil Action 1:01-0817 *Deferma Properties*

Dear Ms D'Andrea:

I have been advised that once again the Business office at S.C.I. Cool Township is in violation of 28 G.S. 1915.

As it is my account was  $\$.36$  in the red, which is less than  $\$10.00$ , and no fee is to be taken. I was placed  $\$10.64$  in the red for filing fee on May 26, 2002 for June filing fee. This office knew or should have known that this act violated the Court order for informal ~~paper~~ *paper* status to put me in the red for filing fee when my account was less than  $\$10.00$ .

This act was an affirmative act set to deprive and deny me legal postage and copies to

I should not have to endure my account being placed in the red for filing fee when I have less than \$ 10.00 on my account.

Would you please address this abuse that I have to endure at the hands of this institution business office who is knowingly and willingly violating a federal Court Order. At present I'm being denied legal postage and my access to the courts.

Sincerely

Kim Smith
